

# Neural Organization Technique

Emotional  
Overlays If Present

## Survival Systems

### Flight / Flight System of the Body

*Neutral Gait  
R or L Step Position*

**Scoliosis**

Language  
Processing

### Endocrine System

*non-electrical communication system  
(Adrenal-Thyroid-Ovaries/Prostate)*

Blood Sugar  
Adrenal-Thyroid-Pituitary axis

Ovary / Prostate Reset

Digestive Organs Reset (secritin)

### Superfiscial Immune & Digestive System

Upper Respiratory Colds

T.M.J

## Core Immune System *(Innate & Adaptive)*

### Nutritional Evaluation

*(Biochemical Toxicities)*

#### Spleen

*(blood ~ detox ~ tissue repair  
cellular growth)*

#### Metal Toxicity /Detox

*(mercury, lead, cadmium, etc.)*

#### Amalgam Removal

*(if present)*

Detoxification Protocol

*(repeat as often as  
neccessary ~3 months)*

#### Thymus

*Innate Immune System  
(undifferentiated white blood cells  
)*

#### Microbial Infections Common

*(colds & flu, etc.)*

#### Tissue Repair

*(strain / sprains, etc.)*

#### Central Nervous *(immune)* System

#### Heart and Vascular

*(brain stem issues  
sympathetic & parasympathetic  
nervous system, etc.)*

#### Blood Pressure & Heart Arrhymias

#### Macrophage

*(specialized)  
[large white blood cells]*

#### Microbial Infections Persistant

*(parasites, candida, mold,  
bone / cavitation infection, etc.)*

#### Injury Recall

*Memory Patterns*

Past Injuries, Surgeries,  
Majorr Illnesses,  
Limbic System (Emotional  
Overlays)

#### B & T Lymphocytes

*Adaptive Immune System  
(antibodies & suppressor cells)*

#### Auto-Immune Issues

*(thyroid, diabetes, skin,  
post vaccine, cancer, etc.)*

#### Lyme, C.F.S., F.M.

*(complications / secondary  
systemic issues, etc.)*

#### Herpes Simplex

*(specific neurological disorders,  
MS, tremors,, etc.)*
